Customer Reviews

I have recently started a new business and I have to cold-call to bring on new customers. It's something I have done previously and I absolutely HATED it, so returning to it was filling me with dread. However, as the success of my new business will hinge on my ability to cold call, I decided I had to do something about it. Art Sobczak's book has given me a whole new outlook on calling as a way of generating business. The main reason I disliked cold calling so much is because I used to

struggle with rejection, and I also consider myself to be a friendly, easy going person so I didn't like the way that cold calling always feels like a battle with the person on the other end, and I didn't enjoy annoying them. Due to reading this book, I now see that cold calling doesn't have to be (and hasn't since I've started doing it again) a constant battle. Cold calling is now just a part of my day, the same as all the other tasks I do. Gone are the days when I'd do any task other than making a cold call, even though I knew it was the one thing I needed to be doing most. If I have a list of 50 telephone numbers I want to dial, I can now just chip through it easily rather than call zero, one or two of them and give up. For me I'm lucky in that I am naturally quite a good salesperson, and can handle inbound and face to face sales pretty well. Outbound calling was almost a phobia for me, but now it definitely isn't. The main reason I purchased this book was to cure this phobia, and for my business it is the best \$10 I'll ever spend.
