Scenic South Africa

Synopsis

At the southern tip of the great African continent lies a land of superlative landscapes, where the fertile ground is laced with diamonds and gold, uninterrupted plains teem with wildlife, and nature's bounty continues to brim over into the everyday lives of many peoples. These are the images of South Africa, and this is the story they tell. Commencing in the Western Cape, up the West Coast, across the arid Karoo to the Wilderness then on up through the Eastern Cape along the East Coast to KwaZulu Natal, to the game and marine conservation areas. Then across to the Kruger Park and Mpumalanga, and Gauteng down through the Free State ending with the Kalahari.

Great photos. We were recently in SA and feel that this book accurately shows what the country really looks like

A Beautiful photographic tour of this magnificent and diverse country. Great souvenir and Keepsake.

Beautifully photographed. Too bad it was damaged and had to be returned. And I had to pay for shipping--even on a damaged product.
