## Customer Reviews

This book was very helpful in terms of its simplicity and comprehension for most clinical cases. I do really recommend it for students just got into nutrition field. References were up to date and very

helpful in understanding the basics of each clinical case, pathology, etiology and diagnosis.

I just got it for one of my family members. It looks she liked it well as per her rating. is noted for the quality and guaranty, I believe.

Definitely would recommend this to any dietitian or future dietitian. It's everything you need wrapped up in one little package

The book was shipped quickly and arrived in good condition. Definitely a good seller!
