Customer Reviews

Sister Mary Elizabeth O'Brien does an excellent job of demonstrating Spirituality in Nursing. I was so impressed, I began using her book as the basis for my Master's Thesis.

The information in this book has been well researched and nicely presented. Although I initially bought the book as required for my BSN program, I will be sure to use it again and again.

The book was in great condition, and the seller shipped the book on the promised date. I was pleased with the service.

Most confusing book I have ever read and very difficult to follow. Nothing but an endless list of

quotations. It is torturing to read. I would have not choose this book if I had a choice.

I had a last minute need for a book I wasn't aware of. The book is perfect and came the next day.
Great.

I got my books in a timely manor and the book was just like new.

The book was in grat condition
