Customer Reviews

I had checked this book out numerous times from the local library. I finally decided to just buy it so I would always have it to look at. It's been priceless when looking at new places to explore by canoe or kayak. I should have bought this way sooner!

Paddling through Minnesota with Greg is a delightful trip. I've been using Paddling Northern Wisconsin as a guide and now I have two wonderful guides and lots of rivers to cross!!!

Some of the maps are lacking in detail, but this is the standard, and I think everyone paddling canoes and kayaks in Minnesota owns a copy. It's also the "official" book with the approval of the DNR (Department of Natural Resources). I'd love for better, and larger, maps, but this book is most of what you need.
