Customer Reviews

Great book. For a seller, is the best of times and the worst of times. When we get it right, it's

fantastic, and can be highly profitable. When we get wrong, we want to pull our hair out, and can lose a lot of money. If you're considering selling products on , this is without doubt the best resource you will find. Andrew shares so much valuable and very easy to follow information in this book.

This FBA Blueprint book has been so consistent in giving our essential info to readers. This book can be a great reference when one wants to learn everything about FBA and all it entails. The book has been so comprehensive in its discussions from the fundamentals until the most complicated part. With the assistance of this book, importing and private labeling one's products will be done easily now.

Great guide. It covers all the basics of doing business on , from the very beginning. Patient, step-by-step guide that is really helpful. It has great advice on everything included in the process like advertising, placing products, profits, everything. can be an amazing resource to make good money, but it can also be a huge risk if you don't know what you are doing. This book can help minimize those risks and it should be required reading before stepping into as a seller.

You may have heard about how people are now making money selling things on . You may also be wondering how exactly you get involved with something like that. Well, this book has a lot of useful information to aid you on your journey to create your startup. If you don't know anything about buying or selling on , I highly suggest you pick up this book. You will learn the basics of how to buy products, label, market, and sell them correctly so that you make lots of money!

As a newbie entrepreneur, it would like any facilitate that I will get. smart issue I found this book. it's faithful its title being an entire guide. The author gave a radical rationalization on obtaining started and gave nice methods. although it's true that I actually have found some new tips for FBA. A well thought out book with lots of useful information. All of those people should just take a look at this book who want to do business in .

I've been trying to figure out FBA for a while now as I've been selling on Ebay for quite sometime and seemed like it would be the next logical step for me. I would have been totally lost and probably would have never even gotten into FBA if it were not for this book. Thus, I have to give it 5 stars as the information in this book is invaluable. An excellent resource for anyone either looking to get into FBA or who just wants more information on FBA. Highly Recommended!

Excellent and thorough guide on FBA Blueprint including how to set up account, choosing niches and suppliers, contacting suppliers as well as branding products up until the point of driving traffic to your product. Other important information is included such as how to complete crucial calculations. A checklist is included at the end of the book to help persons manage product and live ads on a daily basis.

FBA was the leader so I chose to get some more data on it. This book gives significant and very much definite steps that you should take keeping in mind the end goal to grow an exceedingly gainful FBA business. This is the most ideal approach to find the best kept privileged insights of fruitful dealers. It is elegantly composed in a dialect each peruser can see quickly. The author made an awesome showing. I really value the essayist for his work. Incredible read
