# The Global Economy And Its Economic Systems (Upper Level Economics Titles)

## Synopsis

Since the first edition of this book in 1975 (previously titled *Comparing Economic Systems in the Twenty-First Century*), this market-leading title has examined different economies in theory and practice. This edition represents a complete revision and a significant expansion of the previous (2004) edition. The authors have completely rewritten and reorganized the 21 chapters of the previous edition and included a new chapter (Chapter 12, *The European Model*). Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
