## Customer Reviews

I wanted a book to teach me how to do hairstyles but all this is, is pictures! I thought this was going to be a good book

I like some of the ideas. without prior knowledge of hair styling this book would be difficult. good inspirational book with hairstylist training.

I wish I would've paid attention to "Photography book," just a book of random hairstyles with no

words or idea how to do it? Just a waste of money. Like typing in "girls hairstyles" in google images. There would be no difference...

just okay, wouldn't bother with it, I will delete this from my kindle no point in owning it, sorry I bought it,
