Medicare Essentials: A Physician Insider Explains The Fine Print

Synopsis

Featured in U.S. News and World Report, this best-selling Medicare guide is now available with 2015 updates! Written by Tanya Feke MD, a board-certified family physician, Medicare Essentials tells you everything you really need to know about this government program. With experience caring for patients and working with administrators, she has learned tricks that can save you money and improve your healthcare experience. This book shares up-to-date Medicare information with 2015 cost analyses, a review of Medicare's latest preventive screening offerings, and a discussion of Medicare's controversial 2-Midnight Rule. Simple worksheets guide you through the Medicare maze to help you on your way. Let Dr. Feke be your advocate and explain the fine print.

ISBN-13: 978-0692418161

Product Dimensions: 6 x 0.4 x 9 inches

Shipping Weight: 11.8 ounces

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (17 customer reviews)

Best Sellers Rank: #868,002 in Books (See Top 100 in Books) #90 in [Books > Medical Books > Administration & Medicine Economics > Medicaid & Medicare](#) #248 in [Books > Business & Money > Insurance > Health](#) #96302 in [Books > Health, Fitness & Dieting](#)

Customer Reviews

I just completed reading this work today and am thoroughly enlightened unlike in the past 7 years I've been preparing for Medicare and Social Security. The government publications are written for the government, not those of us who need to understand what's available and what our requirements are to make the best use of the program. This manual by Dr. Feke took me through the steps, obligations, liabilities and benefits like no other could. I was able to synch it with my iPad Air, Smart Phone, and Computer so I am able to reference it any time anywhere (thank you) and it will be a constant reference. The approach this brilliant and very compassionate doctor took should be a lesson to anyone anxious to provide a "How To" guide for anything. I fortunately have been doing things right so far, but that's because I am still employed at 70 1/2 and haven't had to make much use of all of the programs - B,C,D Medicare offers. Now I am prepared. Dr. Feke explained

not only how the program works, but how the doctors and hospitals, nursing homes and other care providers including medical equipment suppliers are affected and will affect me. I am prepared for the first time to not only understand the terminology, deadlines, alternatives, consequences and forms necessary, but to ensure I am making the best use of this program that will be (in addition to VA benefits) my only means of health care after retirement. I would love to have Dr. Feke speak to Veterans benefits if possible in the same manner. We as hard working and sacrificing Americans now approaching or have reached our senior years, are lead to be confused and duped by mega bureaucracies and institutions of medicine and health who have teams of lawyers and administrative specialists over complicating to their own benefit.
