# Dermatopathology: Diagnosis By First Impression

## Synopsis

The atlas that helps you differentiate visually similar diseases Written with the dermatology trainee in mind, *Dermatopathology: Diagnosis by First Impression* uses more than 800 high resolution color images to introduce a simple and effective way to defuse the confusion caused by dermatopathology slides. Focused on commonly tested entities, and using low- to high-power views, this atlas emphasizes the key differences between visually similar diseases by using appearance as the starting point for diagnosis. The Third Edition provides: 800 high resolution and annotated photographs, now all fully downloadable 'Key Differences' to train the eye on distinctive diagnostic features Disease-based as well as alphabetical indexes 75 new interactive self-assessment questions to perfect your diagnostic skills Brand new algorithms for pattern analysis *Dermatopathology: Diagnosis by First Impression*, Third Edition, once again provides simple and effective guidance to help you approach dermatopathology and accurate diagnosis of skin disease.
