Synopsis

Medicare Finally Simplified For The Everyday Person - Explained In Laymen Terms **Medicare Broken Down So Simply, You'll Know Exactly How What To Expect And How To Ensure You Are Receiving The Best Medical Coverage Possible** Healthcare costs in the United States are growing higher every year - especially for those over 65. Approaching the autumn of your life without being confident your healthcare costs will be covered can be very frightening. Simply put, if you don't understand how Medicare works, you could be missing out on proper coverage that could protect you and your loved ones. You will hear about Medicare on the news and in the paper all time but most people don't understand how it really works. It's time you fully understand what Medicare is, how it works and what it means for you. No other book is going to teach you about from the ground up - discussing the history of this Federal health insurance and how it will affect your life when you turn 65. Contrary to what some politicians might state, Medicare is not going anywhere in the foreseeable future. Medicare coverage costs represent a significant portion of the Federal budget and are only expected to grow in the coming years. Medicare Simplified Will Make Sure You Understand Exactly What You Need To Know To Ensure The Best Coverage Possible! For many American seniors, Medicare coverage will provide the only source of health care coverage. And for those who do have other insurance coverage (e.g. COBRA) it's important to know exactly how Medicare fits into an overall health care plan. The fact of the matter is You Need To Understand How Medicare Works! "Medicare Simplified" has been specifically designed with ease of learning in mind to ensure you don't get stuck, lost or lose hope when trying to understand Medicare. Never again will you need to waste your time searching the internet, watching videos or learning about Medicare from the mouths of politicians! In "Medicare Simplified" you will come to understand Medicare from the inside out. You'll realize what factors affect your Medicare benefits, when and how to navigate the Medicare system in order to maximize your coverage, and how Medicare interacts with other insurance coverage you or your loved ones might have. Customer Reviews

My review is for the Medicare Simplified book (version with "Updated for 2016" in the book title) This book is very helpful for those who are looking into Medicare. I have 2 elderly parents at home. They are going to be 65 in 2-3 years. I want to start understanding Medicare now so later I could help them easier. First of all, some background I have. Before I read this book, I did some research online about Medicare. I have to tell you, the online data are all very overwhelmed. This is when I feel greatly appreciate when I get a hold of this book: Medicare Simplified. It is really a simple complete guide book with all information I need. It has a good precise summary and outline of complicated Medicare system in US. In my opinion, here are the things I find this book USEFUL vs UNUSEFUL: USEFUL: 1. The book provides a very good summary about Medicare, how and when to enroll, how to avoid penalty (yes, there are penalty fees for late enrollment) 2. The book outlines well the Medicare. It divides up into many chapters. Each chapter has its own different topic about

Medicare. I find this format is very useful. This type of format allows me to digest one chapter at a time.³ Format of the text is also easy to follow. I usually pay more attention to text in black box⁴. Its included Glossary section is very helpful to find definition of bold italic words in the book⁵. The book language is very simple to read and understand.⁶ The book also provides examples to make the discussed topics more understandable⁷. Along the book, there are also charts and graphs helped me visualize information better.⁸ This book is a good pocket book about Medicare⁹.
