Customer Reviews

This is a really good, easy to understand book for either the novice or more advanced person wanting to develop their skills. As a relative newbie myself I found it full of valuable information and yet provides a lot of detail to help me progress. The section on simple mistakes that a beginner makes helped me considerably and will save me a lotâ ‹ of time. For anyone looking to improve their images and colour grading this is a wonderful guide to get going.

Capturing photos is a normal trend now a days. It is an art .Professional photographers are valued a lot. In this book, it is discussed. i know about Photoshop, color grading, dramatic image color grading discussed this is book. it is described here very easy way. I will buy a D S L R soon. best book for photography, and best thing about this time.

Photography is my first love. I already know so much about it. But this book gives me some new ideas that I can apply to my photography. This guide is awesome and very unique! It contains a lot of helpful ideas and strategies to improve your photography especially this modern time that almost

everyone is using social medias and posting photos. This is great!

This book comprises of essential approach on how to learn easily the basic of Photoshop, its uses, and basic tools in editing and styling a photo. This is very interesting for me, especially I am fond of photography, and while reading this book, it gives me more tips in enhancing my photos. This will provide you the basic knowledge in Photoshop which is imperative in Photography.

A great book for learning how to master the game of photoshoping. An extremely valuable skill in todays world. I learned a lot from this book, and what's great is that it covers the basics so that a newbie like me can understand what is being said. I highly recommend this book to anyone who is trying to do ANYTHING with photoshop. Kudos to the author.

Very informative book that gives you an easy understanding about the guide that could be used specially if you are a newbie to digital protography and Adobe photoshop that wants to learn new skilss. Great one.

Awesome book! I really wanted to learn how to work in Photoshop, even downloaded the necessary programs themselves, but could not understand them, but thanks to this book, all I had obtained. Thanks to the author for the invaluable book.

The reason I got this book is that I recently purchased a DSLR camera and I really want to take the best pictures ever and with this manual I will be able to learn all I need to know. Yes this was the reason but I am extremely happy that I got this. it is a really good book that has taught me so much about my dslr, so much so that my pictures are perfect. I loved it!
